Bankura, West Bengal, India

Professional Summary

Computer Science undergraduate pursuing a B.Tech in Computer Science & Engineering (AI & ML) alongside a B.Sc. in Computer Science and Data Analytics from IIT Patna. Passionate about Software Development, Full-Stack Engineering, Artificial Intelligence, and Data Analytics. Possesses a strong foundation in core CS architectures, interactive modern web applications, and collaborative agile engineering. Seeking Software Engineering, AI/ML, or Full Stack Development internship opportunities.

Technical Skills

Languages: Python, C, C++, Java, JavaScript, SQL

Web Development: HTML, CSS, React, Next.js 14, Tailwind CSS

Backend/Cloud: Firebase, Firestore

Tools & Platforms: Git, GitHub, VS Code, Overleaf

Core CS: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, Operating Systems

Projects

Durgapur Local Services Finder | *Next.js 14, React, TypeScript, Tailwind CSS, Firebase, Firestore* Oct 2025 – Present

- Developed a full-stack web application optimizing discovery workflows for verified local service providers.
- Engineered secure identity management systems utilizing Firebase Authentication and integrated a real-time Firestore NoSQL database.
- Implemented dynamic routing, performant search querying, category filtering algorithms, and highly responsive user interfaces.
- Designed clean React component architecture optimized for production scalability, cross-device responsiveness, and high SEO performance.

Smart Expense Tracker | *HTML, Tailwind CSS, JavaScript, Local Storage* 2025

- Built a personal finance tracking dashboard featuring automated expense categorization and real-time calculation mechanics.
- Implemented dynamic DOM manipulation algorithms to visualize data patterns and guide efficient user budgeting habits.

Responsive Restaurant Website | *HTML, CSS, JavaScript* 2025

- Designed and implemented a modern restaurant landing page optimizing load times and visual fidelity using CSS Flexbox layout tools.

To-Do Web Application | *HTML, CSS, JavaScript, Web Storage API* 2025

- Engineered a browser task-manager supporting CRUD actions with state persistence utilizing browser LocalStorage parameters.

Experience

Web Development Intern October 2025 – December 2025
SkillCraft Technology Remote

- Built production-ready responsive applications utilizing core frontend ecosystems: HTML, CSS, and modern JavaScript.
- Leveraged advanced CSS layouts (Flexbox, Grid) alongside Media Queries to ensure fluid cross-device UI rendering consistency.
- Applied asynchronous DOM manipulation methodologies and event-driven architectures to minimize UI rendering lag.
- Maintained codebase integrity and version histories across multiple parallel feature tracks using Git and GitHub workflows.

Student Coordinator 2024 – Present
Dr. B.C. Roy Engineering College Durgapur, India

- Coordinated academic and extracurricular operations across department faculties, optimizing event pipelines for 500+ student profiles.
- Organized high-visibility technical symposiums, coding workshops, and vendor seminars alongside administrative leadership boards.

Education

Dr. B.C. Roy Engineering College Durgapur, West Bengal, India
B.Tech in Computer Science & Engineering (AI & ML) – CGPA: 8.7 (Current Sem 4) 2024 – Present

Indian Institute of Technology Patna Patna, Bihar, India
B.Sc. in Computer Science and Data Analytics – CGPA: 8.7 (Current Sem 4) 2024 – Present

DAV Public School, MTPS (CBSE) Bankura, West Bengal, India
Higher Secondary School Certificate (Class XII) – Aggregate: 86% 2024

St. Xavier's School, Durgapur (ICSE) Durgapur, West Bengal, India
Secondary School Certificate (Class X) – Aggregate: 92.3% 2022

Achievements

- Winner (3rd Place / 2nd Runner-up)** – Hack Zenith (2026): Secured third place out of competing engineering teams by designing and deploying an innovative full-stack technical solution under tight, time-constrained hackathon constraints; showcased effective team synchronization, scalable software prototyping, and system design.

Leadership & Interests

- **Leadership:** Student Coordination, Cross-functional Team Collaboration, Technical Event Management, Agile Communication, Strategy & Decision Making.
- **Extra-Curricular Interests:** Competitive Football, Music (Vocal/Instrumental), Travel and Cultural Exploration.
